ABOUT THIS MANUAL

Edupoint Educational Systems develops software with multiple release dates for the software and related documentation. The documentation is being released in multiple volumes to meet this commitment.

The table below lists the release date, software version, documentation volume number, and the content included in each volume of documentation to date.

Software and Document History

Date	Volume	Edition	Revision	Content
March 2013	1	1	0	Initial release of this document, concurrent with 8.0 software
April 2013	1	1	1	Updated document to 8.0.0.2 release.
May 2013	1	1	2	Updated to 8.0.1.0 release.
June 2013	1	1	3	Updated to 8.0.1.1 release

CONVENTIONS USED IN THIS MANUAL

Bold Text

Bold Text - Indicates a button or menu or other text on the screen to click, or text to type.

Tip – Suggests advanced techniques or alternative ways of approaching the subject.

Note – Provides additional information or expands on the topic at hand.

Reference – Refers to another source of information, such as another manual or website

Caution – Warns of potential problems. Take special care when reading these sections.

BEFORE YOU BEGIN

Before installing any of the Edupoint family of software products, please be sure to review the system requirements and make sure the district's computer hardware and software meet the minimum requirements. If there are any questions about the system requirements, please contact an Edupoint representative at (877) 899-9111.

Caution: The Edupoint family of software does not support the use of pop-up blockers or third-party toolbars in the browser used to access Synergy. Please disable any pop-up blockers (also known as pop-up ad blockers) and extra toolbars in the browser before logging into any Edupoint product.

At any point, if there are any technical difficulties, please contact the Edupoint technical support team at support@edupoint.com or by phone at 1-877-899-9111 option 1.

Chapter One: OVERVIEW

In this chapter, the following topics are covered:

- ▶ [Overview of Oregon State Reporting](#)
- ▶ [Before Starting](#)

This guide illustrates how to setup and configure features for Oregon users, including the screens and data needed to report data to the Oregon Department of Education (ODE). This manual is intended to supplement the standard documentation of Synergy SIS, and only covers processes and functionality specific to the State of Oregon.

OVERVIEW OF OREGON STATE REPORTING

Synergy SIS provides a seamless process to report the required data to the Oregon Department of Education. Some of the notable features of the Oregon Department of Education Data Reporting include:

- Synergy SIS can collect all data at the district level so only one upload is needed for the entire district. Separate uploads for each school is not required.
- Synergy SIS is updated every year to reflect the changes introduced by the Oregon Department of Education, and to ensure compliance with any state regulations. These updates are provided to the district with an active support & maintenance contract at no additional cost.

How is the data collected?

The state requires that data be collected and submitted to the ODE in the following scheduled extracts:

- Secure Student Identifier (SSID)
- Average Daily Membership (ADM)
- Unique Staff Identifier (USID)
- Instructional Unit Identifier (IUID)
- Class Size
- Special Education Child Count (SECC) – December
- Special Education Child Count (SECC) – June
- Staff Assignment
- Staff Assignment/Audit
- Limited English Proficient (LEP)

Student enrollment information is entered into the Student screen as part of the normal enrollment process. Attendance data is entered into Synergy SIS as part of the normal process of taking attendance. Information regarding the student's participation in special programs such as ELL (LEP) or Program Participation is recorded in one of the screens available in the Student Programs folder.

How is the data verified and checked?

Synergy SIS is capable of making every data entry field mandatory, and checking the data at the time it is entered. However, this approach is not practical for most districts because not all data may be available at the moment a student is enrolled or whenever some other data entry occurs. Instead, validation is performed when the upload is created based on the complex ODE transaction validation rules from the state. These validation rules are updated when the state makes any changes to the ODE transactions rules.

If any errors or invalid data are encountered in the data when the upload is created, the errors found are summarized in a PDF report that is available for viewing when the file creation process is complete.

Overview of the Data Submission Process

ODE reporting in Synergy SIS consists of the following steps:

1. **Creation:** The first step in the reporting process is the creation of the file that is to be sent to the state. When completed, this step generates a report of all students included and a report of any errors that need to be fixed in the data. It also creates the final file to be sent to the state. The file created is in XML format as required by the ODE. See Secure Student Identifier (SSID)
 - Average Daily Membership (ADM)
 - Unique Staff Identifier (USID)
 - Instructional Unit Identifier (IUID)
 - Class Size
 - Special Education Child Count (SECC) – December
 - Special Education Child Count (SECC) – June
 - Staff Assignment
 - Staff Assignment/Audit
 - Limited English Proficient (LEP)
2. **Creating an ODE Extract.**
3. **Upload:** The second step is uploading the XML file created in step 1 to the ODE. You save the XML file to a folder on your hard drive (or a network drive). See Viewing ODE Extract History.
4. **Verify:** The user then verifies the data sent. The state provides reports showing any errors. See State Files Imports.

Location of the State Data Reporting Screens

The **Student** screen collects the majority of the student information required by ODE.

The **OR** folder of the Synergy SIS menu includes extract and setup screens.

Accessing the OR folder

1. Open the **Synergy SIS Navigation Tree** by clicking on the Tree button at the top of the screen.

Figure 1.1 Synergy SIS Navigation Tree

2. Expand the **Synergy SIS** folder by clicking on the blue triangle pointing right, next to the word Synergy SIS. Once clicked, the triangle turns green and points downward.
3. Under the **Synergy SIS** folder, open the **OR** folder by clicking on the blue triangle pointing right, next to the word **OR**. Once clicked, the triangle turns green and points downward.

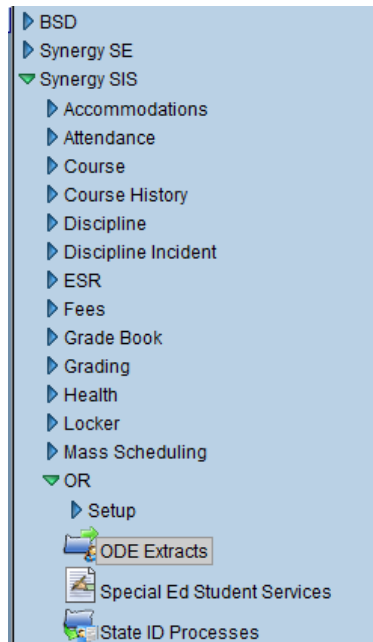

Figure 1.2 Synergy SIS Navigation Tree

NOTE: In the rest of the manual, the location of a screen or report in the Navigation Tree (also referred to as the PAD tree) is indicated using ">". The example above would be indicated as **Synergy SIS > OR**. This would mean go to the Navigation Tree, click on the **Synergy SIS** folder, and then click on the **OR** folder.

BEFORE STARTING

Before starting to define the setup of the ODE Data Reporting as outlined in this manual, the following items should be completed in Synergy:

- The **Attendance** setup, including the District and School Attendance codes, as outlined in the *Synergy SIS - Attendance Administrator Guide*.
- The **Student Information** setup as outlined in the *Synergy SIS – Student Information Guide*.

To make the setup process smoother, gather the following information:

- The most recent list of valid data codes should be available for reference from the Oregon Department of Education website (<https://district.ode.state.or.us>). Search the website for links to the specific data collection or extract.
- A list of **special needs programs** that are in use at each school. While every district must offer ELL and Special Education programs, there are a wide variety of other programs such as the 21st Century Program and Title I programs that may be offered to students.
- A **Synergy SIS\logon** that has access to all schools at the district as well as the district-level data.
- The state assigned **District Code** and **School Codes**. These codes are used in the upload process to ensure the data is uploaded and credited to the correct district / school.

Chapter Two: SETUP

In this chapter, the following topics are covered:

- ▶ [Overview of the Setup Process](#)
- ▶ [Lookup Tables Setup](#)
- ▶ [Organization Setup](#)
- ▶ [District Setup](#)
- ▶ [Oregon Extract Required Setup](#)
- ▶ [School Setup](#)

OVERVIEW OF THE SETUP PROCESS

To configure Synergy SIS to report the necessary information to the state of Oregon, the following items need to be setup across the system. The recommended setup order is:

1. Lookup Tables Setup – update or add the needed state codes to all lookup tables.
2. Organization Setup – enter the school and district codes in the **Organization** screen.
3. District Setup – set the district-level options for the upload process.
4. Oregon Extract Required Setup – create Filter Group Definitions and enter state requirements.
5. School Setup – setup school-level options.

LOOKUP TABLES SETUP

There are several lookup tables required for the collections that need to be submitted to the state. These lookup tables are setup with the codes required by the state for certain categories of information, such as the enter codes and leave codes. These codes can change at any time, so be sure to check with the Oregon Department of Education to get the latest codes and update the codes as needed.

Note: Never change the value of the “Code” column after data has been imported or entered in Synergy SIS.

The lookup tables used in state reporting are:

Caution: Only change the state code column value for the corresponding state table. Do not change or remove table code values that are already in use. If a code is no longer used for state reporting, remove the state code value and use the fields Year Start and Year End to deprecate codes that will no longer be used.

Maintaining Lookup Tables

1. Navigate to Synergy SIS > System > Setup > Lookup Table Definition.
2. On the **Lookup Table Definition** screen, navigate to the code table to change.
3. Select the code table. Below is an example of the Enter Codes in K12.Enrollment.

Line	ListOrder	Code	Description	Other SIS	State Code	Alt Code 3	Alt Code SIF	Status
1		E1	First Oregon enrollment this school \	E1				Year Start Year End

7		E7	First Oregon enrollment this school \	E7				Year Start Year End

Figure 2.1 Enter Code Lookup Table

4. Click the **Add** button to add a new code.
5. Some codes are listed in order by **ListOrder**, some by code, and some by **Description**. The order in which the values are displayed may possibly be changed by entering the order number in the **ListOrder** column depending on how the lookup table was defined in the screen.
6. Enter a code in the **Code** column. Codes can be up to five characters. This value must be unique, but it is only used internally to link the tables in the database. It can be the same as the code used by the state but it can also be the district's own coding structure.
7. Enter the description of the code in the **Description** column.
8. The **Other SIS** column is used to import data during the conversion process from another student records system. Enter the code used in the old system in this column.
9. If the code chosen is different from the state code, enter the actual code used by the state in the **State Code** column.
10. If appropriate, a start year and end year may be entered in the **Status** column to activate or deactivate the code for a particular year. If a code is inactive, it shows in data already entered but is not available for selection for new transactions in the screen. For example, if a code is no longer valid after FY2008, select 2008 for the end year.
11. Click the **Save** button at the top to save the changes.

Generally, the **Alt Code 3** field, **Alt Code SIF** field, and **Use Code as the State Code** checkbox are not used for state reporting. If specific Alt Codes are needed, they will be specified in the manual. By default, the code in the Code column is used for state reporting, unless there is a code entered in the **State Code** column. If a code is entered in the **State Code** column, that code is used.

Adding State Codes for Grades

The State of Oregon has specific codes than are associated with Pre-K and Kindergarten.

1. Navigate to **Synergy SIS > System > Setup > Lookup Table Definition**.
2. On the **Lookup Table Definition** screen, navigate to **K12 > Grade**. The **Grade** lookup table displays.

Name: **Grade** Namespace: **K12** Locked: **N**

Adding State Codes for Vaccinations

The State of Oregon has specific codes than are associated with vaccinations.

1. Navigate to **Synergy SIS > System > Setup > Lookup Table Definition**.
2. On the **Lookup Table Definition** screen, navigate to **K12.Setup > Vaccination SIS Code**. The **Vaccination SIS Code** lookup table displays.

ORGANIZATION SETUP

The **Organization** screen sets up the school and district structure within the district. Each district is assigned a code known as the Division code by the state. This code is used in the upload process to ensure the data is uploaded and credited to the correct district. To find the District codes, please see the section on Before Starting in Chapter One of this guide.

Entering the District code

1. Navigate to Synergy SIS > System > Setup > Organization.

The screenshot shows the 'Organization' screen with the 'District' tab selected. The left sidebar lists the organizational structure, with 'Edupoint School District' expanded. The main panel shows the 'District' tab with the following fields:

- Organization Name: Edupoint School District
- District: (selected tab)
- District Setup Options: (button)
- District Information section:
 - Organization Name: Edupoint School District
 - District Number: 123
 - Alt ID: (empty field)
 - NCES District Number: (empty field)
 - Superintendent's Name: (empty field)
 - Superintendent's Title: (empty field)
 - County Code: 19
 - County: (empty field)

Organization screen – District tab

2. On the **Organization** screen, select a district. The screen populates with the data for that district.
3. On the **District** tab, verify that the **District Number** field contains a three-digit District number. Contact the Oregon Department of Education for valid district numbers, if needed.
4. Enter the **Country Code** for your district.
5. Click **Save**.

Entering the school-level information

In addition to the district, each school is assigned a unique code by the state called the **State CTDS code**. This code is also used during the upload process.

1. Expand the District structure by clicking on the **blue triangle next to the District name**. If there are sub-organizations under the district like Elementary Schools or High Schools, click on the **triangle next to the type of school** to configure.
2. Click on the **name of the school** and the school setup screen appears.

The screenshot displays the 'Organization' screen with the 'School' tab selected. The sidebar on the left shows the organizational hierarchy: Edupoint School District > 1. Elementary Schools > 2. Middle Schools > 3. High Schools > Kennedy High School. The main content area is titled 'School Name: Kennedy High School' and contains several sections:

- School Information:** Includes fields for School Name (Kennedy High School), School Code (276), Alt ID, Abbr School Name, and Principal Name.
- Address Information:** Includes fields for Address (54 C St), Address2, City (Fountain Valley), State (AZ), ZIP Code (85101), and a 'Map it!' button.
- Other Information:** Includes fields for Phone, Fax, Counselor Dept Phone, Sis School Code (276), State CTDS Code (123), Alt Funding School Code, College Board School Number, Website URL, and Default Email Address. There are also checkboxes for 'Live In Synergy' and 'Hide Organization From General Use'.
- Alternate Information:** Includes fields for Alternate District CTDS, NCES School Number, and checkboxes for 'Use Alternate District CTDS' and 'Alternative School'.

Organization Screen – School tab

3. On the **School** tab, verify that the **School Code** field contains a three-digit number and that the **State CTDS Code** field contains a four-digit number. Contact the Oregon Department of Education for valid school codes, if needed.
4. Select the **Alternative School** checkbox if your entire school is considered an Alternative Education school by your district.
5. Click **Save**.
6. Repeat these steps for each school.

Hiding Schools from General Use

You can remove a school from the chooser selection is achieved through the organization screen by selecting **Hide Organization from General Use**. This option is used for schools that are closed so that they do not show on the chooser list.

1. Navigate to Synergy SIS > System > Setup > Organization.
2. Select the appropriate school.
3. From the Other Information group box, select the Hide Organization from General Use check box.

The screenshot shows the 'Organization' screen in Synergy SIS, specifically the 'School' tab for 'Hope High School'. The left sidebar lists the school hierarchy: Edupoint School District > 1. Elementary Schools > 2. Middle Schools > 3. High Schools. Under 'High Schools', 'Hope High School' is selected. The main content area shows the 'School' tab with various information fields. Under the 'Other Information' group box, the 'Hide Organization From General Use' checkbox is checked and highlighted with a red box. Other fields include Phone (949-555-1212), Fax (949-555-1213), and various codes.

4. Click **Save**.

NOTE: Selecting **Hide Organization From General Use** hides schools that are no longer in use. Remember to remove the checkmark box from **Live In Synergy SIS** for schools that are no longer in use.

DISTRICT SETUP

In order to report their data correctly to the state, each district must define the district-wide programs and services that are available in their schools. In addition, districts enter and maintain various immunization and local health authority information.

Setting up English Language Learner (ELL) Reporting

The ESEA Title III LEP extract reports the ELL and LEP services provided to students by the state of Oregon. The student information is gathered from the data entered into the **English Language Learners** screen within Synergy SIS. Some additional setup is required in order to prepare for data collection. Associated state codes may change periodically, so be sure to check with the state to get the latest codes and update them in the system on an annual basis.

There are three steps required to setup English Language Learner Reporting. First, you define score types. Then, the ELL tests parameters are defined. Finally, the tests used for ELL are identified on the **District ELL Definition** screen.

Defining Score Types

Score types are used in the NCLB Title III LEP State Extract. Your district may have a list of preferred score descriptions. The list should include one numeric score type used for ELL scores. You may need to create it, if it does not already exist.

1. Navigate to the Synergy SIS > Test History > Setup > Score Type Setup.

Line	Display Order	Score Description	Alpha Numeric	State Score Code
1		Raw Score	Numeric Scores	
2		Scale Score	Numeric Scores	
3		Grade Equivalent	Numeric Scores

16		CSEM	Numeric Scores	
17			Numeric Scores	

Figure 2.11 Score Type Setup screen

2. Click **Add**. A new row is added to the **Score Type Setup** grid.
3. Enter a Display Order and a Score Description.

4. In the **Alpha Numeric** column, select **Numeric Scores**.
5. Click **Save**.

Creating the ELL Test Definition

1. Go to the Test Definition screen, found under Synergy SIS > Test History Setup.

The screenshot shows the 'Test Definition' window with a toolbar at the top containing 'Menu', 'Find', 'Undo', 'Add' (highlighted with a red box), and 'Delete'. Below the toolbar, the 'Test Definition' title bar is visible. The main area has tabs for 'Basic Information', 'Scores', 'Parts', 'Questions', and 'Objectives'. The 'Basic Information' tab is active, showing fields for 'Test Scan ID', 'Test Name', and 'School Year'. Below this is the 'Test Details' section with fields for 'Test Description', 'Test Definition Code', 'Test Type', 'Test Level', 'Test Form', 'Test Group', 'Test Name Code', 'Test Compare Code', 'Calculate Objective Scores', 'Calculate Scores', 'Test Category', and 'Test Subcategory'. There are also checkboxes for 'Auto Tally All Summary Parts' and 'Hide Test In Student Test History'.

Figure 2.12 – Test Definition Screen

1. Click **Add**. The **Test Definition** screen opens.

The screenshot shows the 'Test Definition' window with the 'Basic Information' tab active. The 'Test Name' field is filled with 'Stanford' and the 'School Year' dropdown is set to '2012-2013'. In the 'Test Details' section, the 'Test Description' is 'Stanford LEP Assessment', 'Test Definition Code' is 'Parts', and 'Test Type' is 'ELL'. The 'Test Name Code' dropdown is also set to 'Stanford'. The 'Hide Test In Student Test History' checkbox is checked. The 'Add' button from the previous screen is now the 'Save' button in the top toolbar.

Figure 2.13 – Test Definition screen

2. Enter a name in the **Test Name** field.
3. Select the earliest school year in which the ELL tests will be recorded in the **School Year** field. The ELL test will remain valid for subsequent school years.

4. Enter a Test Description.
5. Select **Parts** in the **Test Definition Code** drop-down field.
6. Select **ELL** in the **Test Type** drop-down field.
7. Select a Test Name Code.
8. Select the **Hide Test in Student Test History** checkbox. These assessments are entered and viewed from the English Language Learners screen.
9. Click the **Save**. The ELL definition displays on the **Test Definition** screen.
10. Select the **Scores** tab.

The screenshot shows the 'Test Definition' window with the 'Scores' tab selected. The 'Test Scores' section at the bottom has an 'Add' button highlighted with a red rectangle. The window title is 'Test Definition' and it shows 'Test Name: stanford', 'School Year: 2012-2013', and 'Test Status: Unlocked'. The 'Test Scan ID' is 10060 and the 'Test Name' is stanford. The 'Test Scores' table has columns for 'Line', 'View Order', 'Score Description', and 'Auto Total'.

Defining Instructional Hours

The data uploaded to the State of Oregon to document the Instructional Hours provided to the student is gathered from the data entered into the **Instructional Hours Entry**, **Instructional Hours By Program**, and **Instructional Hours By Student** screens within Synergy SIS . To prepare this information for data collection, you must define the type of instructional programs your district provides.

These codes may change every year, so be sure to check with the state to get the latest codes and update the codes on an annual basis. Refer to the lookup table maintenance instructions in Lookup Tables Setup.

1. Navigate to Synergy SIS > Student Programs > Setup > Instructional Hours Definition.

Line	Order	Code	Description	State Code	State Multiplier	Inactive
1	1	4	Large Groups	04	1.000	<input type="checkbox"/>
2	2	05	Case Management	05	1.000	<input type="checkbox"/>

2. Click **Add** to enter an Instructional Hours Program. A new row appears at the bottom of the grid.
3. Enter the following information for each type of program your school or district provides.
 - **Code**,
 - **Description**,
 - **State Code**
 - **State Multiplier**
4. Click **Save**.

Defining Needs and Programs

The **Needs/Program Definition** screen enables you to define needs and specify which programs are available in your district to address those needs.

1. Navigate to Synergy SIS > Student Programs > Setup > Needs/Program Definition.

Figure 2.22 Needs/Programs Definition screen

2. Click Add. The Needs/Programs Definition – Add screen appears.

Figure 2.23 - Needs/Programs Definition Add screen

3. Enter the need's **State Code** and **Description**.

NOTE: If some schools do not use all of the programs attached to this need, check the **School Based** checkbox. A new section displays on the **School Setup** screen, which enables individual schools to specify which programs are applicable for their school. Click the **Show Detail** button to specify which programs are in use at the school.

4. Enter the **Locale**.
5. Select the **Reporting School**. The reporting school is the school where the services are provided.
6. Click **Save**. The **Needs/Programs Definition** screen displays.

The screenshot shows the 'Needs/Programs Definition' window. At the top, the 'Menu' bar includes 'Save', 'Undo', 'Add', and 'Delete'. The 'Status' is 'Ready'. The 'State Code' is '1' and the 'Description' is 'Quantitative (Math) Giftedness'. The 'Programs' tab is selected, showing a table with one row: Line 1, Program Code 35, Program Description 'Gifted Program', State Code 35, and a valid year range. The 'Options' group box is expanded, showing grade selection checkboxes (PS, K, 01-12, 12+), a 'Do Not Report To State' checkbox, and a 'Mass Update Student Program Options' section with a 'Closes At End Of Year' checkbox. The 'Add' button in the Programs grid is highlighted with a red box.

7. Select the grades to which this need is available in the **Options** group box.
8. Select **Closes At End of Year**, if students must be withdrawn from the program at the end of the school year.
9. Select **Do Not Report To State**, if this need is not required for state reporting.
10. In the **Programs** grid, click **Add** to associate a program with this need.

This screenshot is similar to Figure 2.24, but the 'Save' button in the 'Menu' bar is highlighted with a red box. In the 'Programs' grid, a new blank row (Line 2) has been added at the bottom, and the 'Show Detail' button for this row is highlighted with a red box.

11. In the blank line that is added, enter the program code in the **Program Code** column and the **State Code** column. Enter the description of the program in the **Program Description** column.
12. If appropriate, enter **Year Start** and **Year End** to indicate the years for which the program is valid.
13. Click **Save**.
14. Select a program from the **Programs** grid and click **Show Detail**. The **Options** tab for the selected program displays.

15. Select the specific grades for which the program is available.
16. Click **Save**. The needs and programs are entered into the student's records using the **Student Needs** screen. The need is listed under the **Need Description** column, and the program is shown under the **Program Code** column.

Defining Special Ed Services

The **Special Ed Services Definition** screen enables you to define the services provided to students with specific disabilities.

1. Navigate to Synergy SIS > Student Programs > Setup > Special Ed Service Definition.

Figure 2.27 Special Ed Service Definition screen

2. Click **Add**. The **Special Ed Service Definition – Add** screen appears.

3. Enter the **State Code** and **Description** for the disability that receives Special Ed services.
4. Enter the **Locale** (optional).

5. Click **Save**. The new disability displays on the **Special Ed Service Definition** screen.

The screenshot shows the 'Special Ed Service Definition' window. At the top, there's a menu bar with 'Save', 'Undo', 'Add', and 'Delete'. Below it, the title 'Special Ed Service Definition' is displayed. Underneath, 'State Code: A' and 'Description: Autism' are shown. A 'Services' tab is active. Below the tab, there's a table with columns: 'Line', 'Service Code', 'Service Description', 'State Code', 'Is Self Contained', and 'Valid Year Range' (with sub-columns 'Year Start' and 'Year End'). The table contains 13 rows of services. The 'Add' button is highlighted in the top right corner of the table area.

6. Click **Add** to make an addition to the list of services offered for this disability. A blank row appears at the bottom of the grid.
7. Enter the Service Code, Service Description, State Code, and if the service Is Self-Contained.
8. If appropriate, enter **Year Start** and **Year End** to indicate the years for which the program is valid.
9. Click **Save**.

Setting up Program Exits

District setup has two settings that schools must decide upon in order to collect leave dates for programs; **Exit Programs/Services On Student Inactivation** and **Auto-Generate Needs Transactions**.

The **Exit Programs/Services On Student Inactivation** option automatically exits students from any programs or services they may be enrolled in when they withdrawal from a school. Using this option means that if this student returns to a school, you will have to re-enter them manually into the appropriate programs.

The **Auto-Generate Needs Transactions** option uses the enrollment history to automatically exit a student from programs at one school and re-enroll the student in programs at their new school when they transfer from school to school.

1. Navigate to the Synergy SIS > System > Setup > District Setup.
2. On the System tab, select the Exit Programs/Services on Student Inactivation checkbox.
3. Select the Auto-Generate Needs Transactions checkbox.

Enabling Historical Tracking of Staff in Sections

Historical tracking of staff records when staff members change the sections they teach.

1. Navigate to the Synergy SIS > System > Setup > District Setup.

The screenshot shows the 'District Setup' window with the 'System' tab selected. The 'Other Options' section contains several settings. The checkbox 'Enable historical tracking of staff in sections' is checked and highlighted with a red box. Other visible settings include 'Discipline Type' set to 'Incident', 'Incident Violation Display' set to 'Entire Violation', 'District Group History Filter' set to 'All Groups for All Years for All Schools', 'Student Notification' set to 'Icon', 'Badge Number Update Type' set to 'Manual update of badge number', 'Adult ID Update Type' set to a dropdown, 'Fee Total Type' set to 'Total fees for all organizations and all year', and 'Allow Negative Seat Totals' checked.

2. In the Other Options group box on the System tab, select the Enable historical tracking of staff in sections checkbox.
3. Click **Save**.

NOTE: Turning on this option will enable a new tab on the **Section** screen to track historical staff records for all sections.

Using Lookup Tables for County and State Course Code

The State of Oregon requires that the county of residence is reported in the ADM extract, and the state course code is reported in the Class Size extract. The state has specific codes for both the counties and the state courses. On the **District Setup** screen, there are options to allow users to select both the county codes and state course codes from drop-down lists based on the entries in the K12.Setup.County and K12.CourseInfo.StateCourseCode lookup tables. If the option to select the codes from a list are not selected, the user must enter the exact code in a text field.

1. Navigate to Synergy SIS > System > Setup > District Setup.
2. On the **System** tab, select the **Show County as Lookup** checkbox.
3. Scroll to the **Other Options** group box and select the **Show State Course Code As Lookup** checkbox.

The screenshot displays the 'District Setup' screen with the 'System' tab selected. The 'Enrollment Options' section includes fields for 'New Student Add Type' (Synergy), 'Permanent ID Update Type' (Genesis update of permanent ID), and 'Enrollment Date Validation' (Must be within school calendar). The 'Default SPED Exit Code' section shows a table with columns 'Line', 'Leave Code', and 'SPED Exit Code'. The 'Other Options' section includes various checkboxes and dropdowns. Two checkboxes are highlighted with red boxes: 'Show County as Lookup' and 'Show State Course Code As Lookup'.

Setting Essential Skills for Graduation

The Average Daily Membership (ADM) extract requires that essential skills are identified and reported. Students' performance on tests required for graduation indicates their mastery of essential skills. The ADM extract only requires setup of the Graduation Test Result portion of Graduation Requirements. For more information on setting up all the components of Graduation Requirements, please see the *Synergy SIS - Course History Administrator Guide*.

1. Navigate to the Synergy SIS > Grading > Setup > Graduation Requirements.
2. Find or scroll to the Graduation Requirement that contains essential skills tests.

The screenshot shows the 'Class of Test Groups' tab in the 'Graduation Requirements' window. The 'Graduation Test Result Class Requirements' table has the following data:

NOTE: A node may have only one Condition, and multiple Actions.

When a condition is defined, a **True** and a **False** node also are created. Each **True** or **False** node may have one condition defined and many actions.

6. Select the condition type in the **Type** field. The Types available are:
 - **All Dosage Dates Condition** – sets a specific message if a dosage date for the immunization equals the value entered.
 - **All Dosage On Or After Birthday** – sets a specific message if not all dosages have been entered on or after the student's date of birth.
 - **At Least 1 Dose After Age** – sets that a student must have at least one dosage in any immunization after the time frame entered.

- **Dosage Date** –allows a dosage interval to be set based upon the date of evaluation. The date of evaluation is the current date.
 - **Dosage Exists** –states the dose exists.
 - **Interval Between Dosages** – sets an interval of time between two doses.
 - **Other Vaccination Compliance** – Allows one series of immunizations to force compliance for another. For example, if DTAP and TDAP are listed separately, this condition could be used to show the TDAP is compliant if DTAP is compliant and no dates are present for TDAP.
 - **Student Age Time of Dose** – states an age interval for a given dose.
 - **Student Age Today** – defines the age interval used in evaluation. The date of evaluation is the current date.
 - **Student Grade Level** – defines the Grade condition a student must meet.
 - **X Number of Dosages In Separate Month** - sets a message if more than the specified number of doses are entered in the same month for the same immunization
7. Enter the condition details in the appropriate fields. (The fields displayed vary based on the condition type selected.)
- **Description** – text in this field overrides the system-generated description.

Select **Add Action to False**. The **Vaccination Action Definition** screen opens. Follow the steps below to add an action.

The screenshot shows a web-based form titled "Vaccination Action Definition". At the top left are "Save" and "Close" buttons. Below the title bar is a "Details" tab. The form contains a "Type" dropdown menu with "Set Dosage Status" selected. To the right of the dropdown is a "Description" text field. Below the "Type" dropdown is a "Set" section. This section contains a table with the header "Dosage # Status To Result". The first row of the table has "1" in the "Dosage #" column, "Insufficient" in the "Status" column, and a dropdown menu in the "Result" column. Below the table is a text field labeled "Message to set for the Dosage" containing the text "Incomplete - Dose #1 Due.".

Figure 2.42 Vaccination Action Definition

11. Select the action type in the **Type** field. The Types available are:

- **Set Dosage Due Date** – defines the interval between dosages. As an example dose #2 due 2 months after dose #1 is received.
- **Set Dosage Status** – sets a specific dosage with a specific result and message. As an example dose #2 set to Not Compliant and the message set to Incomplete.
- **Set Other Vaccination Compliance** – Sets the series of immunizations to force compliance for another. For example, if DTAP and TDAP are listed separately, this condition could be used to show the TDAP is compliant if DTAP is compliant and no dates are present for TDAP.
- **Set Vaccination Compliance** – This will set a specific vaccination to a specific result and message.

12. Enter the condition details in the appropriate fields. (The fields displayed vary based on the condition type selected.)

- **Description** – text in this field overrides the system-generated description.
- **Dosage #** – the specific dosage within a series of doses.
- **Vaccination** – the specific vaccination.

Defining Exclusion Days

An exclusion date is the day by which a student must be compliant in all their immunizations or have an exemption reason on file. The exclusion date is used to calculate data for the HLT215 – Exclusion Order Insufficient/Incomplete report and the HLT216 – Exclusion Order No Record report.

1. Navigate to Synergy SIS > Health > Setup > Immunization Definition.
2. On the **Immunization Report Settings** tab, enter a value in the **Exclusion Days** (from mailing date) field.

NOTE: The **Exclusion Days** is set to the current date plus the number specified. The default value is 14. For example, if the current date is 1/10/2013 and the field is set to 14, the Exclusion Date is 1/24/2013. The **Exclusion Days** can be overridden by the **Exclusion Date** field on the HLT215 and HLT216 report interfaces.

The screenshot shows the 'Immunization Definition' window. At the top, there is a 'Menu' dropdown, a 'Save' button (highlighted with a red box), and an 'Undo' button. Below this is the title 'Immunization Definition'. The 'School Year' is set to '2012-2013'. There are four tabs: 'Immunization Definition', 'Immunization Report Settings' (which is selected), 'Options', and 'Health Department'. Under the 'Immunization Report Settings' tab, there is a large text area for 'Immunization Profile Text'. At the bottom of the window, there is a field labeled 'Exclusion Days (from mailing date)' which contains the number '20'. This field is also highlighted with a red box.

Defaulting Parent's Signature on File for Immunizations

The system can be set to indicate that a parent or guardian's signature is on file every time a new immunization record is created.

The screenshot shows the 'Health' screen with the 'Immunizations' tab selected. The student information at the top is: Student Name: Abbott, Billy C., School: Hill Valley High School, Status: Active, Homeroom: 231, Age: 18 yrs 0 mths. Below this is a table with columns: Last Name, First Name, Middle Name, Perm ID, Grade, Gender, Birth Date, and Allow Tylenol. The row for Billy C. Abbott shows Grade 12, Male, and Birth Date 05/10/1995. Below the table is the 'Immunization Record Data' section. Under 'I. Documentation', the 'Parent Signature on File' checkbox is checked and highlighted with a red box. The 'Parent Signature Date' field is empty. Under 'II. Status of Requirements', the 'Status Date' field is empty.

Figure 2.48 - Health screen, Immunization tab

 **NOTE:** Any immunization data entered on the **Immunization** tab of the **Health** screen before this option was selected remains unaffected.

1. Navigate to Synergy SIS > Health > Setup > Immunization Definition.

The screenshot shows the 'Immunization Definition' screen with the 'Options' tab selected. The 'School Year' is 2012-2013. The 'Options' tab is highlighted with a red box. Below the tabs is the 'READ FOR FIRST TIME USE' section with an 'Insert Default Values for the Focus Year' button. The 'New Year Rollover Preparation' section has a 'Delete the Immunization Definition for the Focus Year' button. The 'Vaccination Rule Engine Settings' section has a 'Default Parent Signature to True' checkbox checked and highlighted with a red box. Below this is a 'Disable Dosage Validation' checkbox. The 'Invalid Dates Message' field contains the text: 'Insufficient: Dates Missing, Invalid, or Out of Sequence'.

2. On the Options tab, select the Default Parent Signature to True checkbox.
3. Click **Save**.

Customize Message for Insufficient Records

The message that displays when immunization records has invalid dates is customizable on the **Options** tab of the **Immunization Definition** screen. The message can be as general or specific as desired.

1. Navigate to **Synergy SIS > Health > Setup > Immunization Definition**.

The screenshot shows the 'Immunization Definition' screen with the 'Options' tab selected. The 'Invalid Dates Message' field is highlighted with a red box. The message currently in the field is 'Insufficient: Dates Missing, Invalid, or Out of Sequence'.

Figure 2.50: Immunization screen, Options tab

2. On the **Options** tab, enter the appropriate message in the **Invalid Dates Message** field.
3. Click **Save**.

Entering Health Department Information

The HLT215 – Exclusion Order Insufficient/Incomplete report and the HLT216 – Exclusion Order No Record report both create letters informing parents and guardians that students immunization records must be compliant by a specified date. These letters contain the local health authority's contact information and contain a local health authority representative or officer's signature.

Contact your local health authority for the correct information and signature, and enter it on the **Health Department** tab of the **Immunization Definition** screen.

4. Navigate to **Synergy SIS > Health > Setup > Immunization Definition**.

The screenshot shows a web application window titled "Immunization Definition". At the top, there are tabs for "Immunization Definition", "Immunization Report Settings", "Options", and "Health Department". The "Health Department" tab is selected. Below the tabs, there are two main sections. The left section is titled "Regional Health Department" and contains the following fields: "Department Name" with the value "Local County Health Authority", "Department Officer Name" with the value "Jane Smith", "Department Address" with the value "132 Main St, Mesa, AZ 85204", and "Department Phone Number" with the value "480-555-1212". The right section is titled "Signature Image File" and contains a placeholder image with the text "This is my signature" and two buttons: "Upload Signature File" and "Clear Signature File".

4. Enter the re-enrollment date of the student in the **Enter Date** field.
5. Click **Save**. If the student receives multiple programs, they must be re-enrolled in each program by repeating the steps above.

INSTRUCTIONAL HOURS DATA ENTRY

The ODE requires that districts record the number of instructional hours spend serving students enrolled in a non-special ed programs and services, such as Migrant Education or Title 1 services. There are three options available for entering instructional hours:

Instructional Hours Entry, **Instructional Hours By Program**, and **Instructional Hours by Student**.

Adding Students on the Instructional Hours Entry screen

1. Navigate to Synergy SIS > Student Programs > Instructional Hour Entry.

The screenshot shows the 'Instructional Hour Entry' window. At the top, there's a menu bar with 'Menu', 'Save', and 'Undo'. Below it, the title 'Instructional Hour Entry' is displayed. The 'District Name' is set to 'Edupoint School District'. Under 'Filter Options', there are input fields for 'Last Name', 'First Name', 'Perm ID', 'Reporting School' (a dropdown), 'Start Date', and 'End Date'. Below these are 'Program Description' (a dropdown set to 'Title 1') and 'Program Code' (an input field). A 'Filter' button is next to the program code field. At the bottom, there's a section titled 'Student Instructional Hours' with an 'Add' button and a 'Chooser' button. Below this is a table with columns: 'Line', 'Student Name', 'Perm ID', 'Start Date', 'End Date', 'Program Description', 'Program Code', 'Reporting School', and 'Instructional Hour Programs'. The 'Instructional Hour Programs' column has a grid of buttons numbered 04 through 14.

Chapter Five:

MASS UPDATE STUDENT PROGRAMS

In this chapter, the following topics are covered:

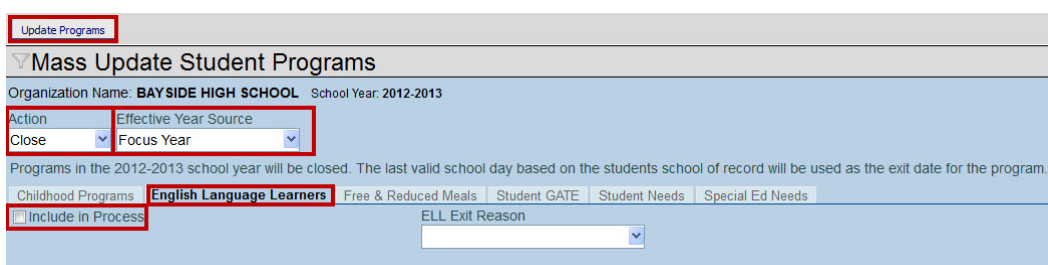

- ▶ [Student Programs Records Updates](#)

STUDENT PROGRAMS RECORDS UPDATES

Use the **Mass Update Student Programs** screen to close programs and exit student enrollment. Run this process for programs that require all exits for previous years for Oregon submission.

Exiting Students from the English Language Learners Program

1. In Synergy SIS, change the focus to the school year for which you are closing programs.
2. Navigate to the Synergy SIS > Student Programs > Mass Update Student Programs.
3. Select the English Language Learner tab.

The screenshot shows the 'Mass Update Student Programs' screen. At the top, there is a button labeled 'Update Programs'. Below it, the title 'Mass Update Student Programs' is displayed. The organization name is 'BAYSIDE HIGH SCHOOL' and the school year is '2012-2013'. There are two dropdown menus: 'Action' with 'Close' selected, and 'Effective Year Source' with 'Focus Year' selected. A message states: 'Programs in the 2012-2013 school year will be closed. The last valid school day based on the students school of record will be used as the exit date for the program.' Below this, there are several tabs: 'Childhood Programs', 'English Language Learners' (which is highlighted), 'Free & Reduced Meals', 'Student GATE', 'Student Needs', and 'Special Ed Needs'. At the bottom, there is a checkbox labeled 'Include in Process' which is checked, and a dropdown menu for 'ELL Exit Reason'.

Figure 5.1 Mass Update Student Programs screen – English Language Learners tab

4. In the **Action** field, select the **Close** option.
5. In the **Effective Year Source** field, select the **Focus Year** option.
6. Select the **Include In Process** check box.
7. Click the **Update Programs** button.

NOTE: ELL Exit Reason is not required.

Exiting Students from the Free & Reduced Meals Program

1. Select the Free & Reduced Meals tab.

The screenshot shows the 'Mass Update Student Programs' interface. At the top, there is a button labeled 'Update Programs'. Below it, the title 'Mass Update Student Programs' is displayed. The organization name is 'High School' and the school year is '2010-2011'. There are two dropdown menus: 'Action' with 'Close' selected and 'Effective Year Source' with 'Focus Year' selected. A text box states: 'Programs in the 2010-2011 school year will be closed. The last valid school day based on the students school of record will be used as the exit date for the program.' Below this, there are several tabs: 'Childhood Programs', 'English Language Learners', 'Free & Reduced Meals' (which is highlighted), 'Student GATE', 'Student Needs', and 'Special Ed Needs'. At the bottom, there is a checkbox labeled 'Include in Process' which is checked.

Figure 5.2 Mass Update Student Programs screen – Free & Reduced Meals tab

2. In the **Action** field, select the **Close** option.
3. In the **Effective Year Source** field, select the **Focus Year** option.
4. Select the **Include In Process** check box.
5. Click the **Update Programs** button.

Exiting Students from Student Needs Programs

Run the close function from the **Student Needs** tab at the end of each year, if all the needs programs require new records each year. If the programs are not closed, they continue to report the record until the student withdraws or exits from the program and the record is closed.

1. Select the **Student Needs** tab.

The screenshot shows the 'Mass Update Student Programs' interface with the 'Student Needs' tab selected. The 'Update Programs' button is at the top. The title 'Mass Update Student Programs' is displayed. The organization name is 'High School' and the school year is '2010-2011'. There are two dropdown menus: 'Action' with 'Close' selected and 'Effective Year Source' with 'Focus Year' selected. A text box states: 'Programs in the 2010-2011 school year will be closed. The last valid school day based on the students school of record will be used as the exit date for the program.' Below this, there are several tabs: 'Childhood Programs', 'English Language Learners', 'Free & Reduced Meals', 'Student GATE', 'Student Needs' (which is highlighted), and 'Special Ed Needs'. At the bottom, there is a checkbox labeled 'Include in Process' which is checked. Below the checkbox, there is a label 'Needs Exit Reason' followed by a dropdown menu.

Figure 5.3 Mass Update Student Programs screen – Student Needs tab

2. In the **Action** field, select the **Close** option.
3. In the **Effective Year Source** field, select the **Focus Year** option.
4. Select the **Include In Process** check box.
5. Click the **Update Programs** button.

 **NOTE:** A Needs Exit Reason is not required.

Exiting Students from Special Ed Needs Programs

Caution: If your district is using Synergy SE to track Special Education, programs do not use this tab.

Confirm with your district that it is an acceptable practice to remove students from Special Education Student Services using the **Mass Update Student Programs** screen. If it is acceptable, only process students for approved Special Ed Exit Reasons.

1. Select the **Special Ed Needs** tab.

Figure 5.4 Mass Update Student Programs screen – Special Ed Needs tab

2. In the **Action** field, select the **Close** option.
3. In the **Effective Year Source** field, select the **Focus Year** option.
4. Select the **Include In Process** check box.
5. In the **Special Ed Exit Reason** field, select an exit reason.
6. Click the **Update Programs** button.

Chapter Six: ODE EXTRACTS

In this chapter, the following topics are covered:

- ▶ [ODE Extracts](#)
- ▶ [ODE Extract History](#)

ODE EXTRACTS

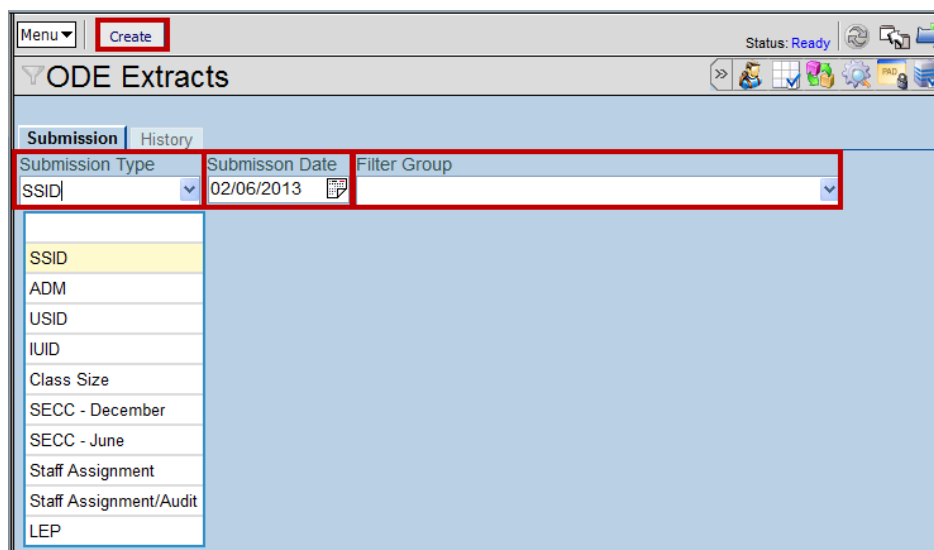

The ODE had specific deadlines for submission of the various extracts. Please confirm submission dates on the Oregon Department of Education website at <http://www.ode.state.or.us/home>.

Use the ODE Extracts screen to create the following extracts to submit to the Oregon Department of Education:

- Secure Student Identifier (SSID)
- Average Daily Membership (ADM)
- Unique Staff Identifier (USID)
- Instructional Unit Identifier (IUID)
- Class Size
- Special Education Child Count (SECC) – December
- Special Education Child Count (SECC) – June
- Staff Assignment
- Staff Assignment/Audit
- Limited English Proficient (LEP)

Creating an ODE Extract

1. Navigate to Synergy SIS > OR > ODE Extracts.

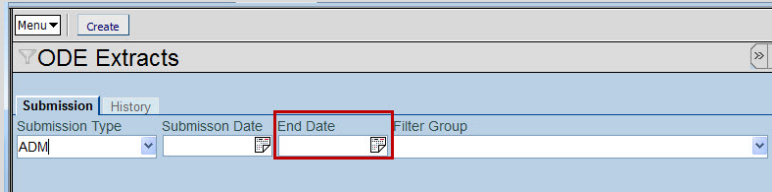

The screenshot shows the 'ODE Extracts' application window. At the top, there is a 'Menu' dropdown and a 'Create' button highlighted with a red border. The status bar indicates 'Status: Ready'. Below the title bar, there are navigation icons. The main area has two tabs: 'Submission' (active) and 'History'. Under the 'Submission' tab, there are three fields: 'Submission Type' (a dropdown menu with 'SSID' selected), 'Submission Date' (a text field with '02/06/2013' and a calendar icon), and 'Filter Group' (a text field). A red box highlights these three fields. To the left of the main area is a list of submission types: SSID, ADM, USID, IUID, Class Size, SECC - December, SECC - June, Staff Assignment, Staff Assignment/Audit, and LEP. The 'SSID' option is highlighted in yellow.

Figure 6.1 ODE Extracts screen

2. Select the extract from the **Submission Type** field.
3. Enter a date in the **Submission Date** field.

 **Note:** The ADM extract also has an **End Date** field that is required for submission.

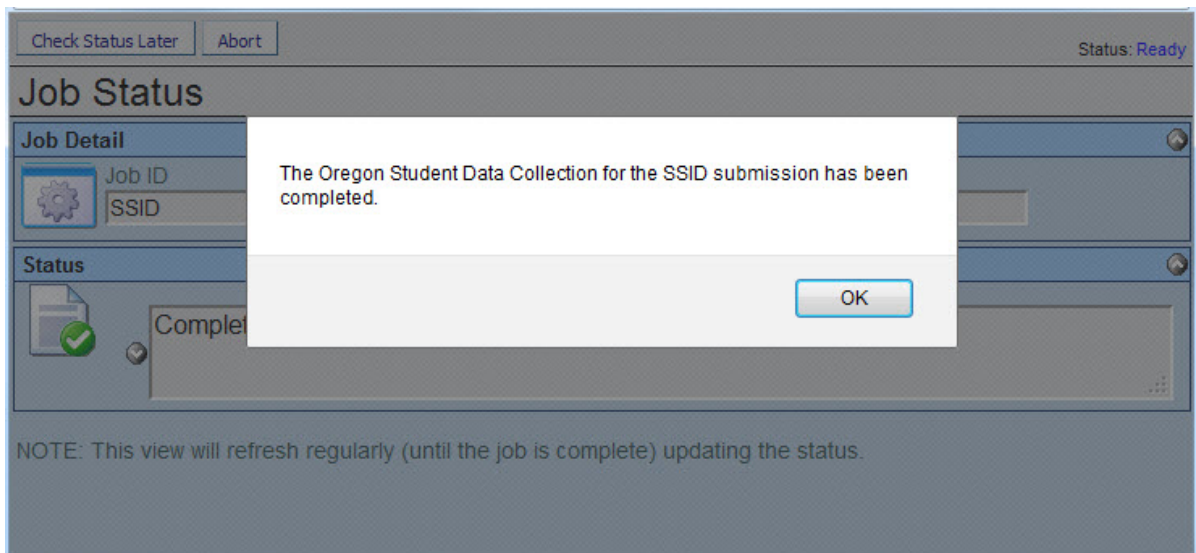

The screenshot shows a web interface for creating ODE Extracts. At the top, there is a 'Menu' dropdown and a 'Create' button. Below this is a section titled 'ODE Extracts' with a right-pointing arrow. Underneath, there are two tabs: 'Submission' (selected) and 'History'. The 'Submission' tab contains four fields: 'Submission Type' (a dropdown menu with 'ADM' selected), 'Submission Date' (a date picker), 'End Date' (a date picker, highlighted with a red box), and 'Filter Group' (a dropdown menu). Below the 'End Date' field, there is a small icon of a document with a checkmark.

Figure 6.2 ADM Extract fields

4. Select a **Filter Group** to include in the extract (optional.)
5. Click **Create**. A confirmation message displays when the extract is created.

 **Note:** The extract can take a significant amount of time to generate depending on the number of student records included in the file.

The screenshot shows a 'Job Status' window. At the top, there are buttons for 'Check Status Later' and 'Abort', and a status indicator 'Status: Ready'. The main area is divided into two sections: 'Job Detail' and 'Status'. The 'Job Detail' section shows 'Job ID' and 'SSID'. The 'Status' section shows a green checkmark icon and the word 'Complete'. A white dialog box is overlaid on the 'Status' section, containing the text: 'The Oregon Student Data Collection for the SSID submission has been completed.' and an 'OK' button. Below the dialog box, there is a note: 'NOTE: This view will refresh regularly (until the job is complete) updating the status.'

ODE EXTRACT HISTORY

A record of the ODE extracts previously created is available on the **History** tab of the **ODE Extracts** screen. The schools and students included in the extract, a copy of the extract itself, and any related error logs are accessible from this tab.

Viewing ODE Extract History

1. Select the **History** tab. The **History** tab displays all the ODE extracts that have been submitted including their creation date.

Chapter Seven:

STATE ID PROCESSES

In this chapter, the following topics are covered:

- ▶ [State Files Imports](#)

STATE FILES IMPORTS

The State ID processes update staff, student and course records within Synergy SIS with state assigned IDs. The State ID processes are run after a district has created and submitted extracts to the ODE. The ODE returns an extract file that has any missing or incorrect IDs records populated. The district then imports the file from the ODE into Synergy SIS, and the corrected records are updated within the system.

Importing the SSID file

1. Navigate to the Synergy SIS > OR > State ID Process.

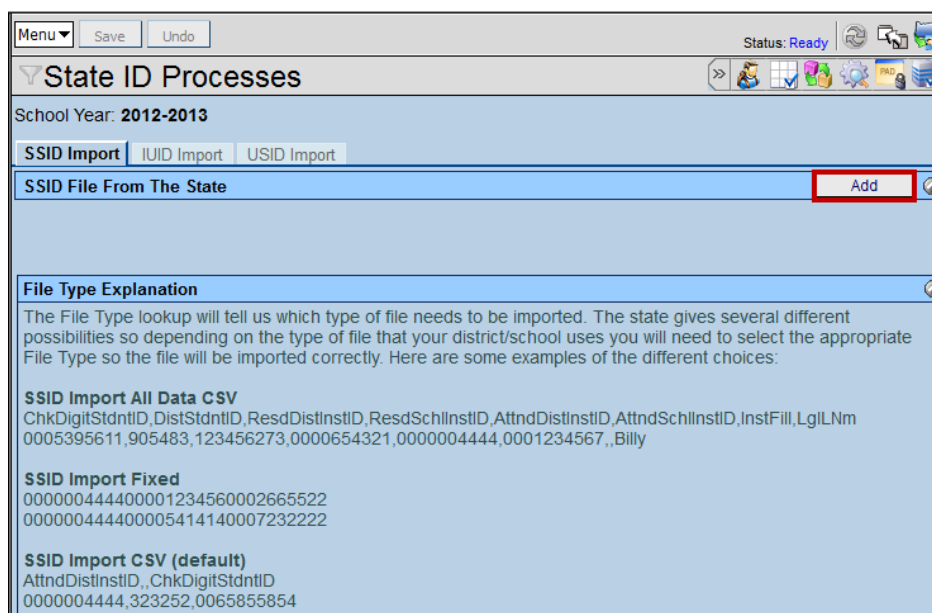

Figure 7.1 State ID Processes screen

2. On the **SSID Import** tab, click **Add**. The **Attach Document** screen appears.

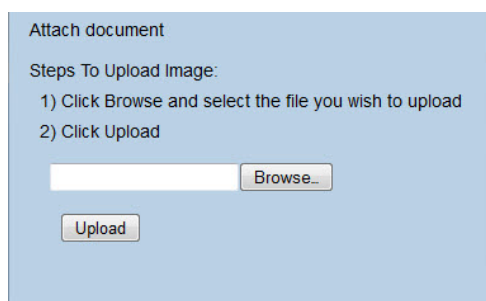

Figure 7.2 Attach Document screen

3. Click **Browse** to locate the State ID file on your local drive or network.
4. Click **Upload** to attach the file. The file displays in the **SSID File From The State** grid.

Chapter Eight: OREGON SPECIFIC REPORTS

In this chapter, the following topics are covered:

- ▶ [Accessing Oregon Specific Health Reports](#)
- ▶ [Accessing Other Oregon Specific Reports](#)

All the reports in this section are exclusively for Oregon users.

ACCESSING OREGON SPECIFIC HEALTH REPORTS

1. Navigating to Synergy SIS > Health > Reports.
2. Select a report folder, and click on the name of the report.
3. Select the options for generating the report (listed in the following sections.)
4. Click **Print**. The report displays as a PDF file on the screen, which can then be sent to the printer.

OR

Click **Email Me**. A PDF file of the report is emailed to the email address in your Synergy SIS profile

Note: For the purposes of this manual, only the report settings and filters available on the **Options** tab of the report interface are detailed. Additional options are available on the other report interface tabs. For more information on the additional options on the report interface tabs, please refer to the manual titled *Synergy SIS – Query & Reporting Guide*.

HLT208 – Oregon Certificate Of Immunization Status

Oregon Law requires proof of immunization or a religious or medical exemption be provided before a child can attend school, preschool, or daycare. The **HLT208 – Oregon Certification Of Immunization Status** lists all the immunizations or exemptions that are currently recorded for the student and requires the parent or guardian to sign certifying the accuracy of the information. This is a two page report for each student.

This report can be filtered using the following settings on the **Options** tab:

The screenshot displays the 'Report Interface' for the 'Oregon Certificate Of Immunization Status' report (Number: HLT208). The interface includes a toolbar with buttons for 'Print', 'Save Default', 'Reset Default', and 'Email Me'. The 'Status' is 'Ready'. The 'Page Orientation' is 'Landscape'. The 'Options' tab is selected, showing the following sections:

- Student Info:**

 - First Name: [Text Field]
 - Perm ID: [Text Field]
 - Grade: [Dropdown Menu] - [Dropdown Menu]
- Parent/Guardian Selection Criteria:**

 - Parent/Guardian Type 2: [Dropdown Menu]
 - Parent/Guardian Type 3: [Dropdown Menu]

Figure 8.1 – Oregon Certificate of Immunization Status Report Interface

- **Student Info** – select an individual student or group of students based on the **Last Name**, **First Name**, **Perm ID**, or **Grade**.

Example: if grade 12 is selected the report prints an individual report for each student in grade 12.

- **Parent/Guardian Selection Criteria** – identifies the parent or guardian to whom the Certificate of Immunization Status will be sent. The options are based on the flags set on the Parent/Guardian tab of the Student screen. Options include:
 - Lives With,
 - Contact Allowed,
 - Ed. Rights,
 - Has Custody, or
 - Mailings Allowed.

Oregon Certificate of Immunization Status

Oregon Department of Human Services, Immunization Program

Oregon law requires proof of immunization be provided or a religious or medical exemption be signed prior to a child's attendance at school, preschool, child care or home day care. This information is being collected on behalf of the Oregon Department of Human Services, Immunization Program and may be released to the Department or the local Public Health Authority by the school or children's facility upon request of the Department. Vaccine history must include at least the month and year. Please list immunizations in the order they were received.

HLT215 – Exclusion Order Insufficient/Incomplete report

The **HLT215 – Exclusion Order Insufficient/Incomplete** indicates when students' vaccination records are incomplete or insufficient. The report creates letters that schools can mail to the students' parents and guardians indicating which records are incomplete or insufficient. The letter states that as of a designated exclusion date, the student will not be allowed to return to school without the required vaccinations and proper records.

Figure 8.4: HLT215 Exclusion Order Insufficient/Incomplete - School version

This report can be filtered using the following settings on the **Options** tab:

- **Assessment Date** – The students' series and overall status are calculated based on this date.
- **Mailing Date** – The date that the exclusion orders will be mailed to the parents or guardians.
- **Exclusion Date** – The date that the students will be excluded from school unless the records are updated.
- **Enrollment Cut-off Date** – Students who were enrolled after this date will not be included in the report.
- **Exclude Concurrently-enrolled Students** – does not include the records of students who are concurrently enrolled in the school running the report.
- **Grade** – includes student records for the selected grades. If no selection is made, all grades are included.
- **Overall Status** – includes student records with the selected status. If no selection is made, all statuses are included.
- **Parent/Guardian Selection Criteria** – identifies the parent or guardian to whom the exclusion order will be sent. The options are based on the flags set on the **Parent/Guardian** tab of the **Student** screen. Options include:

- Lives With,
- Contact Allowed,
- Ed. Rights,
- Has Custody, or
- Mailings Allowed.

If focused to the District level, two additional filters are available on the report interface.

Figure 8.5: HLT215 Exclusion Order Insufficient/Incomplete - District version

- **Filter Group** – includes records of students who are members of the selected group. The groups are defined on the **Filter Group Definition** screen. See Creating Filter Group Definitions.
- **Group by School** – groups the exclusion order letters created by school.

On the **HLT215 – Exclusion Order Insufficient/Incomplete** letters, if the student's vaccination records are incomplete, only the first section of the letter is checked and populated. If the student's records are insufficient, meaning the status of their vaccinations cannot be verified, only the second section of the letter is checked and populated.

HLT216 – Exclusion Order No Record report

The **HLT216 – Exclusion Order No Record** indicates students who do not have vaccination records on file. The report creates letters that schools can mail to the students' parents and guardians indicating that they do not have records in the system. The letter states that as of a designated exclusion date, the student will not be allowed to return to school without the required vaccinations and proper records.

The screenshot displays the 'Report Interface' for the 'Exclusion Order - No Record' report (Number: HLT216). The 'Options' tab is active, showing various configuration fields. The 'Report Options' section includes 'Assessment Date' (01/31/2013), 'Enrollment Cut-off Date' (01/31/2013), 'Exclusion Date' (02/14/2013), and 'Mailing Date' (01/31/2013). A checkbox for 'Exclude Concurrently-enrolled Students' is present. The 'Grade' section allows selection of grades 07 through 12, with an 'EH' option. The 'Parent/Guardian Selection Criteria' section features three dropdown menus for 'Parent/Guardian Type 1', 'Parent/Guardian Type 2', and 'Parent/Guardian Type 3'.

EXCLUSION ORDER FOR NO RECORD

To Parent, Guardian, or Adult Responsible for Child: _____ Date: 01/31/2013

Oregon law states that all children in schools or day care (including preschool and Head Start) must have the required immunizations or a medical or religious exemption. Your child's school or day care has no record of his/her immunizations.

Concurrent Student will be excluded from school/day care starting on 02/14/2013, and may not return until he/she is in compliance with state immunization laws. (ORS 433.267, OAR 333-050-0010 through 333-050-0140)

TO THE PARENTS/GUARDIANS OF CONCURRENT STUDENT _____ Grade: 10
16792 Dad Malling St _____ Student ID: 450014
Beaverton, OR 97005

Submit one of the following to your child's school or day care:

(1) Immunization Record
Turn in a Certificate of Immunization Status or other Oregon-approved form that shows the date of each vaccine dose. You can get a Certificate of Immunization Status form from your child's school or day care. The record must show at least one dose of each required vaccine. The record must be signed by a parent, guardian, health care provider, or the student if he or she is at least 15 years of age.

(2) Religious Exemption
Turn in a Certificate of Immunization Status form with the religious exemption section completed and signed by a parent, guardian, or the student if he or she is at least 15 years of age. You can get a Certificate of Immunization Status form from your child's school or day care.

(3) Medical Exemption
Turn in written documentation of a medical exemption, completed by a physician or a person at the local health department.

When you turn in the information specified above or a medical or religious exemption, the child will be in compliance with state immunization laws, and will be able to attend school or day care. Other immunizations may be recommended for your child and may be required at a later date. If you have any questions, or if you believe there is an error and you would like a review of this letter, please call the local health department at 480-555-1212.

HLT414 – Student Immunization List

The HLT414 - Student Immunization List displays all the required immunizations, and is sorted by student. It indicates if the student is complete or incomplete on all required doses of the immunization and the dates the immunization was received. It also indicates if the student is exempt from the immunization and why, as well as if the parent's signature is on file. The last page of the report has a summary of the students who are complete or incomplete on their immunizations.

This report can be filtered using the following settings on the **Options** tab:

The screenshot displays the 'Report Interface' for the 'Student Immunization List' (Number: HLT414). The 'Options' tab is active, showing various filter settings. At the top, there are buttons for 'Print', 'Save Default', 'Reset Default', and 'Email Me'. The 'Assessment Date' is set to '06/03/2013'. The 'Student Info' section includes fields for 'Last Name', 'First Name', 'Perm ID', and 'Grade'. The 'Overall Status' section has checkboxes for 'Medical Exemption', 'Insufficient', 'Incomplete', 'Religious Exemption', 'Up-to-date', 'Complete', 'No Record', and 'Temporary Medical Exemption'. The 'Parent/Guardian Selection Criteria' section has dropdowns for 'Parent/Guardian Type 1', 'Parent/Guardian Type 2', and 'Parent/Guardian Type 3'. The 'Immunization Info' section has dropdowns for 'Immunization' and 'Result'. A note at the bottom states: '* The summary page can only show 18 grades at one time.'

HLT515 – Oregon Certificate of Immunization Status

Oregon Law requires proof of immunization or a religious or medical exemption be provided before a child can attend school, preschool, or daycare. The **HLT515 – Oregon Certification Of Immunization Status** lists all the immunizations or exemptions that are currently recorded for the student and requires the parent or guardian to sign certifying the accuracy of the information.

This report can be filtered by the student's overall compliance status, or by their status for a specific immunization. One page prints for each student.

This report can be filtered using the following settings on the **Options** tab:

CERTIFICATE OF IMMUNIZATION STATUS - Oregon Health Authority Immunization Program

Oregon law requires proof of immunization be provided or a religious or medical exemption be signed prior to a child's attendance at school, preschool, child care or home day care. This information is being collected on behalf of the Oregon Department of Human Services, Immunization Program and may be released to the Department or the local Public Health Authority by the school or children's facility upon request of the Department. Vaccine history must include at least the month and year. Please list immunizations in the order they were received.

HLT619 – Immunization Primary Review Summary, Section A

The **HLT619 – Immunization Primary Review Summary** report creates and populates the Oregon Health Authority's Form 53-04 A form, listing the number of students who are compliant, non-compliant, or exempt for immunizations at a school. The school submits the form to their local county health department.

This report can be filtered using the following settings on the **Options** tab:

The screenshot displays the 'Report Interface' for the 'HLT619 – Immunization Primary Review Summary, Section A' report. The interface includes a top navigation bar with buttons for 'Print', 'Save Default', 'Reset Default', and 'Email Me'. The status is 'Ready'. The report title is 'HLT619 – Immunization Primary Review Summary, Section A' with the number 'HLT619' and page orientation 'Portrait'. The 'Options' tab is selected, showing fields for 'Program Type' (a dropdown menu), 'Assessment Date' and 'Enrollment Cut-off Date' (calendar pickers), 'Additional Report Sections' (a checkbox for 'B - D'), 'Grade' (checkboxes for 09, 10, 11, 12), and 'Parent/Guardian Selection Criteria' (three dropdown menus for Type 1, Type 2, and Type 3).

ODE FIELD SYSTEM LOCATIONS

The tables below show where the information uploaded to the State of Oregon is stored in Synergy SIS. Information is uploaded via a collection. Each collection contains components – groups of related characteristics. A characteristic is one piece of information or one field. If the information is not stored in a field but is calculated based on the values in other fields, it is indicated. The elements are listed by component name in the order in which they appear within the component.
